

Sprint 4: Logo Development

Student Name: Siphosenkosi Mbala (221140700)

Date: 27 August 2025

Sprint Goal: To create and refine the main TechBoost Hub logo and establish draft usage guidelines to ensure consistent brand application.

1. Logo Exploration & First Concepts (M2.3)

The logo development began with the AI-generated concept provided, which strongly aligned with the established brand strategy from previous sprints. The chosen concept was selected for its effective symbolism:

- **Lightbulb Icon:** Represents ideas, innovation, and creativity.
- **Interconnected Dots/Circuitry:** Symbolizes technology, networking, and community.
- **Black & Gold Colour Scheme:** Embodies professionalism (black) and success/achievement (gold).
- **Modern Sans-Serif Typography:** Communicates a clean, tech-friendly, and approachable feel.

This concept was digitally refined to create a high-quality, versatile master logo.

Final Selected Logo Concept:

2. Refined Logo & Draft Usage Guidelines (M2.3)

A. Logo Variations

A full logo system was created to ensure flexibility across various media.

1. Primary Logo (Horizontal)

Usage: Primary application for websites, presentations, and official documents.

2. Stacked Logo (Vertical)

Usage: Ideal for social media profiles, mobile applications, and square formats.

3. Icon (Isotype)

Usage: Favicon, app icon, email footers, and any context with extreme space constraints.

B. Logo Usage Guidelines

Clear Space (Minimum Padding)

To ensure legibility and impact, a minimum area of clear space must surround the logo on all sides. This space is defined by the height of the letter "T" in "TECH".

- Requirement: The minimum clear space is **0.5X**.

Minimum Size

To maintain clarity and detail, the logo must not be reproduced below these minimum sizes.

- **Horizontal Logo:** 200 pixels wide (Digital) / 1.5 inches wide (Print)
- **Stacked Logo:** 120 pixels wide (Digital) / 1 inch wide (Print)
- **Icon:** 40 x 40 pixels (Digital) / 0.5 x 0.5 inches (Print)

Colour Palettes

The logo must be reproduced only using the following approved colour combinations.

1. Full Colour (Preferred)

- Use on white or light backgrounds.
- Logo: Black and Gold
- Tagline: Black

2. One-Color - Dark

- Use when colour printing is not available or on light backgrounds.
- Logo: Solid Black
- Tagline: Solid Black

3. One-Color - Reversed (Light)

- For use on dark-coloured or photographic backgrounds.

- Logo: Solid White
- Tagline: Solid White

C. Incorrect Usage

To protect the integrity of the brand, the following misuses are strictly prohibited:

- **Do not** change the logo colours.
- **Do not** stretch, skew, or alter the proportions.
- **Do not** add external effects like shadows, glows, or bevels.
- **Do not** rotate the logo.
- **Do not** use low-resolution or pixelated files.
- **Do not** place the logo on a busy or clashing background without proper contrast.

Conclusion

This sprint resulted in a finalized logo system that truly reflects the TechBoost Hub brand values of professionalism, innovation, and success. The accompanying draft usage guidelines provide a clear framework for maintaining brand consistency across all future applications, ensuring a strong and recognizable identity as the platform develops.
